Golf Guide

October, 2025

Dear Stone Canyon Member,

The Golf Professional Staff is pleased to present the Golf Guide for the 2025 / 2026 golf season. You will find most details of each Major Event for the year described on the pages within this booklet, as well as the operating hours and schedule of play for tee times.

The Club reserves the right to change any aspect of all golf events at any time, including during the event itself, as it deems necessary for any reason (i.e. weather, playing conditions, levels of participation, etc.) that the Club determines to be in the best interests of the Club, Members, and participants. This would include, but not limited to, changes to event dates, formats, social aspects, and pricing.

IT IS THE PLAYER'S RESPONSIBILITY TO RSVP FOR ALL STONE CANYON GOLF EVENTS.

The entire staff at Stone Canyon anxiously awaits the beginning of the upcoming golf season and hopes to see you at the Club throughout the year. We hope you find the Golf Guide helpful when planning and scheduling your participation in the golf events for the upcoming year.

Best wishes for a great golf season!

*Tim Lollar, PGA
Director of Golf*

The following Golf Rules are in effect for the golf calendar year. Wherever *Member* is referenced in this guide, the reference is to any Active Golf Membership.

After careful consideration of Member concerns submitted to the Club, we have instituted a code of conduct for Members, Guests, and Families to protect both the golf course and those who are on it.

Tournaments, Rules of Play, Partners Golf, and Ties

- Stone Canyon reserves the right to make the golf course and practice facilities available for tournaments and clinics, at which time use by non-participants may be restricted.
- Participation in any sanctioned golf tournament or event is defined in this Golf Guide.
- Scorecards for tournament play at Stone Canyon must be completed, signed, and attested to by the opposing player(s), and turned into the Stone Canyon Golf Staff immediately after completion of your round for verification. Golf Genius will be used as an electronic live scoring only and will not be used to determine official scoring. If there are any discrepancies between scorecards and Golf Genius, the written scorecard settles any discrepancy.
- The entry fee for any event is subject to change depending on selection and cost of any food items, gifts, etc.
- Cancellations that occur after the cancellation deadline are responsible for any portion of the entry fee that is an unrecoverable expense. (Food, tee gifts, prizes, flight payout)
- If an event does not meet the required minimum amount of participation, the Director of Golf has the discretion to cancel the event and open the tee sheet for daily Member play.
- Except for any event advertised to the contrary, tournament entries are on a first come, first serve basis. If a tournament is over-sold, entries will be placed on the waitlist in the order they are received.
- All tournament participants must have an established handicap index.
- The Director of Golf and the Club have the right to modify the format of an event.
- The Stone Canyon Golf professional Staff determines the Handicap Revision Dates for each event.
- No golf tournaments of any kind or play by any group of five (5) or more persons shall be permitted unless approved in advance by the Golf Professional Staff.

Tournament Awards

After each tournament event, the winner's credit amounts will be entered into their appropriate credit book. Thereafter, when a Member makes a merchandise purchase, they must request to use the credit book dollars, and the amount will be subtracted from the amount in the credit book.

Rules of Play

- USGA rules will govern all play in conjunction with Stone Canyon's local rules.
- All disputes will be settled by the Director of Golf and/or the Tournament Committee whose decision will be final.
- The maximum handicap index that can be allocated to a golfer is 36, unless otherwise noted by the Tournament Committee or the Conditions of the Competition.
- Unless a playoff is specified in the rules of a specific tournament, ties will be broken by a scorecard playoff. The USGA recommended procedure of matching scorecards is as follows: The winner will be determined based upon comparing the best total (gross or net) score for the last nine (9) holes of the event. If a tie still exists, compare last six (6) holes, the last three (3) holes, and finally, the 18th hole if necessary. If a tie still exists, the matched scorecards will go to the number one (1) handicap hole and proceed until a winner is determined.
- Local Rule E5 provides the player with the opportunity to not have to play a provisional ball. It is a relatively easy to understand application: When a player tees off and the shot goes into the desert, the player identifies the approximate area the ball would have been and that is Point "A". Then the player identifies the closest edge of the fairway that is no closer to the hole (Point "B"), and the player may drop anywhere in that area between Point "A" and Point "B", adding TWO strokes. (This is essentially the stroke and distance penalty)-- had the player played a provisional ball to the same place, the player would have been laying three (3). NOTE: This rule should not create confrontation about where the ball most likely would be-- if there is a question, the player should always confer with playing partners. Ultimately, it is the player's decision to determine.
- Drop zones will always be marked for tournament play. A white circle will define and DZ will be painted inside the drop zone.
- Ground Under Repair will always be marked for tournament play. A white circle will define the drop zone. For G.U.R., proceed to the nearest point of relief, no closer to the hole, and drop within one club-length. No penalty.
- All Red penalty areas will be identified by a red line or stakes. Please follow Rule 17.
- Stones in bunkers are considered movable obstructions, you are allowed to move them.
- Greenside sprinklers – 2 + 2 Rule – If a player's golf ball lies off the green, but not in a penalty area, and a sprinkler interferes on the line of play between the ball and the hole,

the player may take relief from a sprinkler head up to one club-length no nearer the hole—provided that the sprinkler is within two club-lengths of the green and the ball lies within two club-lengths of the sprinkler.

Partners Golf Events

For clarification of “Couples” Events—going forward, Stone Canyon will implement the following guidelines—Casual, social, golf events will be designated as **“Partners Golf”**, with the team make-up described as “Teams may consist of any two players. All are welcome—bring your spouse, friend, or fellow Member.” **“Couples Golf”** will be identified as events that “Due to the format and competitive structure, teams shall consist of one male and one female player.”

LOCAL RULE E-5 - ALTERNATIVE TO LOST BALL / OUT OF BOUNDS THE “DESERT RULE” IS NO LONGER AN OPTION

BALL OUT OF BOUNDS		LOST BALL	
<p>If the Local Rule is in effect, you can still take stroke-and-distance relief, but you now have the following additional option that comes with a penalty of two strokes:</p>	<p>A DETERMINE SPOT where your ball went out of bounds (left diagram) or is likely to be lost (right diagram).</p>	<p>B FIND NEAREST FAIRWAY EDGE no closer to the hole.</p>	<p>C DROP YOUR BALL IN SHADED AREA as defined on one side by a line from the hole through point A and on the other side by a line from the hole through point B, and not nearer the hole. The relief area is extended on both sides by two club-lengths.</p>
<p>This Local Rule is not intended for higher levels of play, such as professional or elite amateur level competitions.</p>			

Handicaps

A golf handicap is important because it allows players of different skill levels to compete fairly. It's a numerical measure of a golfer's potential, enabling them to play against each other on a more level playing field, even if their on-course performance varies significantly.

Here's a more detailed look at the importance of a golf handicap:

1. Fairness in Competition:

A handicap allows golfers with varying abilities to compete on a more equal footing. The system essentially adjusts scores based on individual skill levels, so a higher handicap golfer gets extra strokes, making the competition fairer. With handicaps, even recreational golfers can participate in tournaments and friendly wagers with a better chance of success and enjoyment.

2. Tracking Progress:

A handicap is a great way to track your progress in golf. It provides a numerical measure of your improvement over time, showing how your scores are trending relative to the course difficulty. Knowing your handicap can help you choose the appropriate tees to play from on a particular course. A handicap allows you to better understand how you are performing on different courses, as it accounts for the course's difficulty rating (course and slope rating). Having a handicap can make golf more engaging and enjoyable, whether you're playing with friends or in a tournament.

It is a player's responsibility to post scores upon the completion of their 9 or 18-hole round. The Golf Professional Staff monitors scores posted and if a situation arises of scores non-posted, the Staff will address the situation with the individual. If a second incident occurs, the penalty can be up to and including a penalty score of 72. Please post all scores!

Golf Cart Use & Walking

- a) The use of golf carts on the golf course may be mandatory for all players during certain tournaments.
- b) Golf carts are restricted to use on the golf course and practice facilities. No golf carts shall be removed from the Club Facilities at any time without the prior approval of the Golf Professional Staff.

- c) Golf carts shall be operated only by persons sixteen (16) years of age or older with a valid automobile driver's license.
- d) No more than two (2) persons are permitted on a standard golf cart, except in case of emergency, course evacuation, or at the discretion of the Golf Pro Shop Staff.
- e) Golf carts shall remain on cart paths on all par 3's and whenever else possible. Golf carts shall not be driven within fifteen (15) yards of any tee, bunker, or penalty area and thirty (30) yards from any green. Golf carts should be driven across fairways only at right angles, avoiding soft areas. Golf carts shall not be driven into the desert at any time. Golf carts are to be parked on the cart path prior to putting or teeing on all greens and tees, golf cart traffic and directional signage must be always obeyed.
- f) Golf carts are operated at the risk of the operator. The cost of repairing any damage to golf carts or the golf course resulting from improper or careless operation will be charged to the Member in whose name the operator is playing with at the time the damage occurs.
- g) Private owned golf carts must have an annual inspection sticker, be able to provide proof of insurance, be street legal, and be paid up-to-date on the annual trail fee.
- h) Private owned golf carts are the complete responsibility of the Member owner including but not limited to: maintenance, cleaning, conforming to the existing Stone Canyon fleet, and break-down on course.
- i) The use of privately owned carts follows the same restrictions as the Stone Canyon fleet. Private-owned golf carts are not to "cut across" the golf course but must follow all HOA roads to and from the Clubhouse.

Walking:

Walking, whether carrying or using a push-cart, is permitted at any time. We ask that you be courteous of your fellow competitors during competition as to be very aware of your pace of play. The Professional Staff has the right to mandate carts for certain events to maintain the appropriate pace of play and enjoyment of all players.

Pace of Play:

All players are to maintain a reasonable pace of play. ***Pace of play is a matter of golf etiquette and is a courtesy to your fellow Members.*** Specifically:

- a) Prior to 11:00am, all rounds of golf should be completed in 4 hours and 10 minutes or less and when teeing off after 11:00am, all rounds should be complete in 4 hours and 20 minutes or less.

- b) Players are encouraged to play “ready golf”--- i.e. be prepared when it is your turn, do not wait for “honors”, walk with purpose between shots and to your ball.
- c) In Peak season, the Golf Professional Staff will pair ALL twosomes together prior to 2:30pm. This not only maximizes the Member opportunity to play, but it also helps maintain a consistent pace of play.
- d) If your group is off pace and out of position, the Golf Professional Staff will alert you and request your group to speed up and catch up to the group in front of you. If your group continues to hold up your fellow Members, you may be asked to let faster players through or you may be asked to pick up your golf balls and skip a hole(s) until you are at your correct position on the golf course.
- e) **A group’s position on the golf course is directly BEHIND the group in front of you, not directly in front of the group behind you!**

Stone Canyon is making a major effort to combat slow play--- here are some pace of play tips:

- Always play ready golf.
- Prepare for your shot while others are playing.
- Be aware of your handicap and max strokes you can take, pick up when out of the hole.
- Arrive at the first tee 5 minutes prior to your tee time.
- Tee off when it is safe, don’t wait for “honors”.
- Always keep pace with the group in front of you.
- Minimize your pre-shot routine.
- Use continuous putting and eliminate multiple markings of golf balls.
- Mark scores at the next tee box.
- Park carts at the back of the green.
- On-course marshals are now from the Golf Pro Shop. Marshals use a flag system to alert groups about their position relative to pace of play. When the marshal approaches your group with a **green** flag, the group’s pace is fine. When the marshal approaches your group with a **yellow** flag, the group’s pace is 3-5 minutes behind. When the marshal approaches your group with a **red** flag, the group’s pace is more than 5 minutes behind. If a group receives either a yellow or red flag, the group **MUST** catch up to the group in front and get back on pace. After the second warning, if the group does not catch up, the marshal will have the group skip a hole (s) to get back into position.

Guests:

- All guests are subject to the Rules and Regulations of the Club, including the pace of play rules. Members are responsible for their guest's activities and behavior at all times, even when not in the company of the Member.

When ominous or dangerous-looking weather approaches, it is the player's responsibility to exit the golf course and/or seek shelter at one of the golf course locations. Should any player choose to remain on the golf course during inclement weather, the player(s) is doing so at his/her own risk.

**From all of us at The Stone Canyon Club,
we wish you a GREAT 2025 / 2026 Golf Season!**
